GEMINI and THE YEAR AHEAD: Happy Birthday, Gemini! This birthday year begins with your sign ruler, Mercury, direct in Taurus until June 4 when it speeds through Gemini until June 17 when it enters Cancer for the remainder of your sun sign period. Your Sun Sign rules the chest cavity, hands, arms and shoulders and lungs in the communication-oriented 3rd House of brothers, sisters, cousins and other relatives as well as neighbors, classes and workshops, communities, education, transportation (all forms including commuting, purchasing and repairing of vehicles and methods you choose for travel), media interests and networks, (phones, computers, faxes, Internet, social networks), writing and the diverse facets of your mind, especially how it works and the impact it has on your mental state. You proudly reembrace mental versatility a key asset of yours. The 3rd house of the chart, regardless of Sun sign, describes your intellect, how you think, the way you converse with others or form creative relationships. Gemini's natural ruler is Mercury, and its symbol is the Twins making you simultaneously an air and a mutable sign displaying Yin and Yang characteristics. You have outstanding deductive skills that help you analyze problems while sharing your ideas with others. You are extremely sociable, enjoy traveling, hosting events, and love to mingle while telling your stories allowing the coveted people-to-people contact to recharge your batteries. The planet of limitations will turn retrograde on June 29 and go direct on November 15 EST. This year Saturn most affects Geminis born June 3-11** bringing a few challenges your way related to career matters, life status, reorganizations, or a change in leadership. Don't share secrets prematurely or you will lose credibility. Be aware that Uranus is going retrograde on September 1 and will move direct again on January 30, 2025. Why not write a comedic piece for an event you'll be emceeing or for your drama group if you are a member. Quell your innermost thoughts while in the company of clashing personalities. Uranus could bring you multiple job offers, close encounters with belligerent personalities, changes in direction regarding assignments, activity with publications, or a change in format for key elements of your work.. Disclosures may reveal secret affairs, how you are revamping your physical appearance, or important facts about your health. Themes subject to Uranian jolts include private matters, psychic insight, holding back and retreating, healing your mind and body, secret enemies, hospital visiting, rehabilitation, secret enemies, widows, orphans, and charities. Uranus loosens emotional drains by using the seclusion of the 12th House to recover from accumulating tension. Examine what is not working; then let go so you can focus on future plans. Pluto here will be at 0- 2 degrees and will turn retrograde from May 2- October 10, (returns to Capricorn on September 2) although still retrograde and will finally turn direct on October 10 EDT. Since Pluto occupies this house in its waning degrees and is compatible with transiting Uranus in Taurus and Neptune in Pisces, enjoy the interim opportunity to assess what has been in the way or blocking your progress in your solar 8th house. This brief period gives Pluto a chance to complete this mission to unearth mysteries that you have buried most of your life in your psyche. READERS' CORNER

Thank you for the many messages you sent regarding last month's question that concerned a generous brother-in-law who send lavish gifts to his nieces and had his sister-in-law concerned that he was spending too much on the girls. Several readers weighed in and most agreed that since he lived out of the country for most of the year, he was showing his love and appreciation for his relatives. Since he could afford the expensive clothing, they said he should continue being himself. A few indicated that his family could put in a request to reset a dollar limit. This month's Q and A segment covers questions you have send in regarding setting appointments with me. I hope you enjoy the information.

Q. What is the best amount of time for an astrology appointment that will cover my needs? How will I receive the coverage of the material we discuss?

A. I usually schedule appointments in one hour, 90-minute, or two-hour segments. If you are a first time customer, you are wise to schedule at least 90 minutes as the time goes by quickly and is driven by your questions and concerns. Most individuals want information about themselves as well as others in their lives - spouses, significant others, medical professionals, friends, children, parents, bosses, numerous others and the condition of their health if that has been an issue. I spend considerable time preparing for consultations. Each extra party's analysis costs \$90 per person on top of the base fee. Based on the nature of the questions, it can take me 5+ hours to prepare - for a two-hour session it can take 7 because of the complex needs of the client. It is impossible to cover everything in one appointment if you are undergoing major life changes. I often cover much more than you are expecting based on my findings. As I ask for questions in advance, I usually let you know ahead of time if it is possible to cover every question. A three-hour consultation is way too much information to absorb. I record the conversation and e-mail you the digital recording immediately after we speak. All payments are due in advance of the appointment.

Q. Do you provide career counseling advice as well determine the best time to look for a job or leave an undesirable workplace? How about to make suggestions about training or courses that build skills to make me more marketable in the job market?

A. Yes, I do. Along with a huge variety of Astrology credentials, I also have credentials as a consultant, an executive coach, personal development expertise (self-help psychology), federal government experience, Feng Shui, the field of real estate,

(appraisal, buying and selling, coaching realtors), relationship analysis (personal and business). I have written 4 books for Llewellyn Worldwide, articles for Llewellyn from 1998-2024 for several of their publications; some have appeared in other venues as well. I love my work and the people-to-people contact it supports. I am also skilled in numerology, Tarot, and am very intuitive - many call me psychic. Thank you for writing.

Thank you to all who sent in questions and comments about earlier newsletters. I appreciate your feedback on the Taurus issue and welcome your thoughts on this one. For now, this newsletter appears on [Facebook](#), [Twitter](#) and on my Word Press website [Astrology On Demand](#).
